Two Steps

Mat composed by a doormat and antibacterial disposable mat with 30 layers

TWO STEPS MOD. ST

- *Antibacterial mat with 30 layers refill kit made of low density polyethylene (40 micron) with antibacterial agent inside. Colour: blue*
- *Decontaminating mat with 30 layers only on request): refill kit made of low density polyethylene (40 micron). Colours: blue, green, transparent (with white bottom layer).*
- *Doormat: maximum absorbency capacity (5ltr/sqm). Machine washable.*
- *Bottom: made of rubber with rounded edge.*
- *Doormat cleaning: clean the doormat with a hoover or put it in the washing machine (40°).*
- *30 layers mat cleaning: remove the upper sheet (2/3 times a week or according to need) using the numbered label. When the 30 layers will be finished, in the pack you will find other 60 layers. Subsequently, at an affordable price, it is possible to buy the refill kit composed by 3 mats with 30 layers each.*
- *The safety data sheet of the material used is in accordance with the Directive CE n° 91/155.*

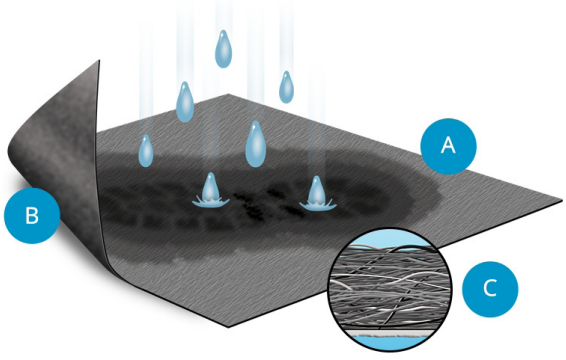
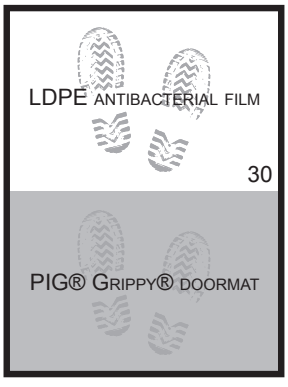
Two Steps

Mat composed by a PIG® Grippy® doormat and antibacterial disposable mat with 30 layers





l 63 x h 83 cm

A - ABSORBENT TOP LAYER

The absorbent top layer pulls in liquid and wicks it away from the centre so the mat dries quickly.

B - LIQUIDPROOF ADHESIVE LAYER

The liquidproof adhesive layer sticks to the floor and creates a barrier to keep absorbed liquids from leaking through.

C - ENTANGLED FIBERS

Entangled fibers add durability and trap dirt to prevent it from being tracked around.

TWO STEPS MOD. DRY

- *ANTIBACTERIAL mat with 30 layers: refillable, made of low density polyethylene (40 micron) with antibacterial agent inside. Blue layers with blue double-sided bottom layer.*
- *PIG® Grippy® doormat: maximum absorbency capacity (5ltr/sqm). Grey colour. Refillable (duration for domestic use: 1 year). Eight layers of polypropylene absorb liquids, oils, solvent and water.*
- *Bottom: made of rubber with rounded edge anti slip-and-fall.*
- *Doormat cleaning: clean the doormat with a hoover or wash it with normal detergents. After a year, replace it with a new mat*
- *30 layers mat cleaning: remove the upper sheet (2/3 times a week or according to need) using the numbered label. When 30 layers will be finished, in the pack you will find other 60 ones. Subsequently it is possible to buy the refill kit composed by 3 mats with 30 layers each.*
- *The safety data sheet of the material used is in accordance with the Directive CE n° 91/155.*
